

Cyber RISE Sponsorship Overview - 2026

Cyber RISE partners with mission-aligned organizations to strengthen the cybersecurity ecosystem by supporting underserved MSPs, making frameworks practical, and building the next generation of cybersecurity professionals. All sponsorship recognition is informational in nature and does not include product promotion, endorsement, or sales-oriented activities.

Sponsorship Levels

Strategic Partner

Annual Support: \$100,000 to \$200,000 or more

Strategic Partners support Cyber RISE through a combination of financial contribution, mission-aligned in-kind support, and practitioner expertise, with Cyber RISE retaining full discretion over use and participation.

Recognition includes prominent logo placement, Strategic Partner designation, participation in mission-focused advisory discussions, and an annual private impact briefing.

Platinum Sponsor

Annual Support: \$50,000 to \$99,999

Recognition includes logo placement across Cyber RISE materials, participation in mission-focused educational events as a nonprofit partner, without product promotion, and quarterly impact updates.

Gold Sponsor

Annual Support: \$20,000 to \$49,999

Recognition includes program level acknowledgment, inclusion in the annual impact report, and periodic highlights through Cyber RISE channels.

Silver Sponsor

Annual Support: \$5,000 to \$19,999

Recognition includes sponsor listing, thank you acknowledgment, and annual impact summary.

Community Supporter

Annual Support: \$1,000 to \$4,999

Recognition includes name listing and annual mission update.

Program Sponsorship Options

Sponsors may choose general support to Cyber RISE core, or to align support with a specific program (MSP911, Framework Maps, or The Hackening). Program alignment reflects mission support and does not imply endorsement or exclusivity. All directed funds will have 20% allocated to Cyber RISE core for Shared Services.

Program alignment reflects mission support and does not imply endorsement, preference, or exclusivity.

Our Commitment

Cyber RISE maintains independence in incident response decisions, educational content, student mentorship, and framework guidance, and retains full control over all program activities.
